Abstract: The Vending Facility Program authorized by the Randolph-Sheppard Act provides persons who are blind with remunerative employment and self-support through the operation of vending facilities on federal and other property. Under the Randolph Sheppard Program, state licensing agencies recruit, train, license and place individuals who are blind as operators of vending facilities (including cafeterias, snack bars, vending machines, etc.) located on federal and other properties. In statute at 20 U.S.C. 107a(6)(a), the Secretary of Education is directed through the Commissioner of the Rehabilitation Services Administration (RSA) to conduct periodic evaluations of the programs authorized under the Randolph-Sheppard Act. Additionally, section 107b(4) requires entities designated as the state licensing agency to “make such reports in such form and containing such information as the Secretary may from time to time require....” The information to be collected is a necessary component of the evaluation process and forms the basis for annual reporting. These data are also used to understand the distribution type and profitability of vending facilities throughout the country. Such information is useful in providing technical assistance to state licensing agencies and property managers. The Code of Federal Regulations, at 34 CFR 395.8, specifies that vending machine income received by the state from federal property managers can be distributed to blind vendors in an amount not to exceed the national average income for blind vendors. This amount is determined through data collected using RSA-15: Report of Randolph-Sheppard Vending Facility Program. In addition, the collection of information ensures the provision and transparency of activities referenced in 34 CFR 395.11 and 395.12 related to training and disclosure of program and financial information. The following changes are found in the revised information collection (IC) RSA-15: Report of Randolph-Sheppard Vending Facility Program. In Section II, E. “Facilities on Public Property, Line 4 was expanded to include a breakdown of the types of public facilities. Since this information is currently used to calculate the total number of facilities on public property, there is no additional reporting burden. In Section IV, an additional column was added to capture other sources of funding for expenditures other than those traditionally associated with the program. At the end of the reporting form, a text box was added for notes or explanations at the request of the respondents, and contact information was also requested to expedite follow-up by RSA for approval of the reports. The instructions were modified accordingly to accommodate these changes in the form and to clarify information.
